

STYLE LIBRARY

Bringing together sister brands Zoffany, Sanderson, Morris & Co, Scion, Anthology and Harlequin in one showroom, this space also offers useful work tables on which to create moodboards with help from in-house experts using the paints, fabrics and wallpapers from each or all of the brands.

LEWIS & WOOD

The quintessentially English motifs and colour palettes of Lewis & Wood are quickly apparent when perusing the generous fabric swatches hung from the showroom walls. We particularly like the provision of sliding screens to display its wide-width wallpaper panels each measuring up to three-metres in drop, allowing a strong sense of scale and style to ease purchasing decisions.
